

UI Tests to perform on campaign frontend

Listview

- Check links – report any dead ones.
- Check responsivity – is all content accessible on mobile, tablet and desktop.
- Check tooltips – Is the text/information helpful?

Create

- Check links – report any dead ones.
- Check responsivity – is all content accessible on mobile, tablet and desktop.
- Check inputs – Is there a understandable label/placeholder/help-text/
- Check navigation via tab (desktop only) – Date picking excluded
